23rd February 2016

Dear Parents/Guardians

Thank you for participating in our recent homework survey. We have listened to your suggestions and for this term, we are trialling a different approach to our homework. Some of the things you suggested were a long term overview of homework, challenge and more choice. From this term each class will be bringing home a homework planner for the term. This planner will be also available to view on the school webpage. Your child must continue to read with an adult at home, at least 3 or 4 times a week, practise their weekly spellings and number work, this element has not changed. Instead of homework being sent home each week however there are then a selection of activities for your child to choose from. A piece of homework must be completed each week and handed into the teacher. The activities will include a mixture of subjects including mathematics, English and topic based. These activities are scored giving a challenge of achieving a bronze, silver, gold or platinum award for the number of points scored in a term; dependent on which activities they choose to complete. At the end of this term we will ask for yours and your child's feedback.

Homework details can be found on the new school website, www.evenswindon.co.uk following the Curriculum – Homework links.

Yours faithfully
Mrs Alison Lowe
Head Teacher
