Home Learning Information

Children should have now received a Home Learning Pack, which will include a book, activities and a pencil. They will be able to complete these activities during school closure or self-isolation of your family. This is also a perfect time to enjoy doing other activities as a family.

The expectations are that your child completes a maths, reading, spelling, writing and project task on a daily basis.

We will continue to release weekly Home Learning Project sheets via the school website (under the Home Learning Tab) or you will be able to collect these sheets each Friday from the front of the school, ready for the next week.

Along with the Home Learning Project Books, there will also be extra website links and ideas that you will be able to use to support your child's ongoing education.

Please check the school's website for regular updates.

If you have any questions regarding the Home Learning Packs and the work that your child is expected to carry out, please don't hesitate to email admin@evenswindon.co.uk and the email will be passed on to your class teacher.
